PROPRIETARY 3 LAYER CONSTRUCTION FOR ULTIMATE ACCURACY AND DURABILITY

- Outer Layer - 3K Woven Carbon Outer Layer
- Mid Layer - 2 Layers of Unidirectional Carbon at 0 Degrees
- Base Layer - 2 Layers of Unidirectional Carbon at 90 degrees
- 100% High Modulus Carbon
- Every arrow is produced at a .001" straightness.

PRECISION MACHINED COMPONENTS

Our components are proudly made in the USA. Built to the tightest tolerances and engineered to be able to withstand the hardest impacts.

SLIK™ COATING

Our SLIK coating provides a super slick arrow surface promoting better penetration while also allowing for easy removal from practice targets.
